

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

AUTHORITY.

At the re-union of the Thirtieth Wisconsin Infantry, held at the Court House in St. Paul, Minn., Sept. 2, 1896, the following resolution was unanimously adopted:

Resolved, That an assessment of \$1.00 per capita be levied upon the members of this Association, for the purpose of printing the Roster of the Thirtieth Wisconsin Infantry, and for such other purposes as may be deemed necessary by the Executive Board.

MEMBERSHIP.

All surviving Comrades of the Regiment are members of the Regimental Association.

HISTORY.

The Regiment was recruited under the call of July, 1862, for three hundred thousand men. The first man to sign enlistment papers for the new regiment was James Berry, of Captain David C. Fulton's Co. D, on July 21, 1862. The enlistments closed August 23, 1862, with a full regiment of 1020 men. Many of the enlistment papers were made out for the Twenty-fifth Regiment, but volunteering was so brisk that thirteen full regiments were raised, from the Twenty-first to the Twenty-third, inclusive, within thirty days from the call.

The regiment was mustered into the United States service, October 18, 1862, at Camp Randall, Madison, Wis. As mustered in, the regiment was composed as follows:

Co. A, Captain Samuel Harriman, and Co. D, Captain David C. Fulton, from St. Croix, Polk and Pierce Counties; Co. F, Cap-

tain M. A. Dreibelbis, from Pierce County; Co. I. Captain Napoleon B. Greer, from Eau Claire County; Co. K, Captain John Klatt, from Chippewa County; Co. C, Captain A. A. Arnold, from Trempealeau County; Co. G, Captain Asa B. Swain, and Co. H, Captain Andrew Bedal, from Waushara County; Co. B, Captain Lewis S. Burton, and Co. E, Captain Edward Devlin, from Iowa and Lafayette Counties.

The regiment was composed of as good material as was ever assembled. The average age of the men was twenty-five years and six months; their average height was 5 ft. 7 7-10 inches. They were lumbermen, farmers and miners, inured to hard work and privation. A majority were used to handling arms, many of them being hunters. A number were Indians from the Chippewa Reservation. Nearly nine-tenths were born in the United States. All were patriotic, and ready for active service. All expected to be at the front with Grant within sixty days. That they were not, was not the fault of any one, officer or man, in the regiment. It was the exigencies of the service and the accident of time, that we were not in place of the 25th, 28th, 29th or 32d, all of which were mustered in about the same time.

The following record of the services of the regiment is quoted largely from the report of Adjutant General August Gaylord for the year 1865:

The regimental organization was completed October 18, 1862, at Camp Randall. Subsequently regimental headquarters remained at Camp Randall, while portions of the regiment were almost constantly detached in the performance of various kinds of duty.

On the 2d of May, 1863, companies D, F, I and K, under command of Lt. Col. Bartlett, were ordered to the Upper Missouri, on the Indian expedition under General Alfred Sully. These companies served with this command at different points on the river, from Sioux City, Iowa, to Fort Pierre, Dakota Territory, until the 10th of August, 1863, when companies I and K

were ordered to report at Camp Washburn, Milwaukee, Wis., leaving companies D and F at Fort Pierre; these companies arrived at Milwaukee on Sept. 12, 1863.

On the 26th of May, companies G and E left Camp Randall, the former for Superior, Wis., and the latter for Bayfield, Wis., in anticipation of trouble with the Indians at these points. They remained at these stations, respectively, until the middle of August, when they were recalled; arrived on August 31st at Camp Washburn, which was placed under command of Major John Clowney, of this regiment. The remaining companies, at various times, were sent to various parts of the state to maintain order during the enrollment and draft, under the Conscription Act. Colonel Daniel J. Dill was Post Commandant at Camp Randall during this time.

In the month of December, 1863, the regiment was transferred to Camp Washburn, and subsequently to Camp Reno, at Milwaukee, Wis., where the headquarters of the regiment were established.

In the month of March, 1864, detachments of the regiment were ordered to various points in Dakota Territory and Northwestern Minnesota, and in General Sully's campaign against the Sioux Indians, moving from point to point during the summer, performing many very long and difficult marches through an extremely wild and arid country, and participating in several engagements with the Indians.

On the 1st of October, 1864, detachments of the 30th Wisconsin were stationed at various places in Dakota Territory as follows: Companies A, C, F, and H, under the immediate command of Colonel Dill, at Fort Rice, of which Post Lieutenant Colonel Bartlett was placed in command; Companies B, E, G and K under command of Major Clowney, at Fort Wadsworth, near Coteau des Prairies; Company D, under command of Captain Fulton, at Fort Sully, and Company I, under command of Captain Greer, at Fort Union.

Companies A, C, F and H, commanded by Colonel Dill,

left Fort Rice, Dakota, Friday, October 12, 1864, and descending the Missouri river in flat boats built by themselves, arrived November 2, 1864, at Souix City, Iowa, where they were joined by Company D, under command of Lieutenant Lewis O. Marshall, Captain David C. Fulton having been promoted Major of the First Battalion Heavy Artillery, on the 14th of October. Continuing their journey down the river they arrived at St. Joseph, Mo., November 17, 1864.

Company II having been detained by floating ice, Captain Bedal abandoned his boat a few miles above St. Joseph, and marched his command to the city, rejoining the other companies November 23d.

Leaving St. Joseph on the 24th of November, and proceeding by rail, they arrived on the following day at Quincy, Ill., and thence proceeded by way of Springfield, Ill., and Indianapolis, Ind., arriving on November 29, 1864, at Louisville, Ky., where they went into camp.

Companies B, E, G and K, under command of Major Clowney, left Fort Wadsworth, Dakota Territory, on the 29th of September, 1864, *en route* for Fort Snelling, Minn., where they arrived on the 20th of October, having marched upwards of four hundred miles in twenty days, making an average of $20\frac{1}{2}$ miles per day. This march indicates better than words can express, the vigor and hardiness of the men composing the Thirtieth Regiment. Embarking on steamboats at Fort Snelling, Minn., on October 20th, they descended the Mississippi to St. Louis, Mo., where they arrived on the 26th, and were quartered in Benton Barracks. They left St. Louis on the 29th of October, and arrived next day at Paducah, Ky., at the mouth of the Tennessee River. Here they were employed in guard duty until December 6th, 1864, when they again embarked and proceeding up the Ohio River, landed at Louisville December 10th, where they rejoined the balance of the regiment, with the exception of Co. I, which still remained at Fort Union, Dakota Territory.

On the 12th of December 1864, the nine companies of the Thirtieth left Louisville by rail, and next day went into camp at Bowling Green, Ky. Here the Regiment was assigned to the Second Brigade, Second Division, Military District of Kentucky. Colonel Dill took command of the Brigade, and Major Clowney that of the Regiment. On the 10th of January, 1865, the Regiment left Bowling Green for Louisville, arriving on the 12th, where they were assigned to duty as guard to the military prison in that city.

On the 20th of January, 1865, Companies A, D and F, under command of Captain Meacham, of Co. F, were detached as provost guard in the city. On the 8th of February, 1865, Companies B, E and G, under command of Major Clowney, proceeded by rail to Frankfort, Ky., sixty-five miles from Louisville, under orders to assume the duties of permanent garrison of that city. Company B, on the 30th of March, moved from Frankfort to Georgetown, Ky., near which they were stationed as garrison, under command of Lieutenant William H. Gill.

Lieutenant Colonel Bartlett rejoined and assumed command of the Regiment at Louisville in the latter part of February, 1865, and on April 17, 1865, Colonel Dill was appointed Provost Marshal General of Kentucky. Company B rejoined the command May 27th, and early in June Companies E and G returned to Louisville, where Company I also rejoined the Regiment June 22, 1865, having been relieved from duty at Fort Union, Dakota Territory, June 4th. During the service of the Regiment in Kentucky it was engaged in running down and capturing the numerous bands of guerrillas which infected the Department. The notorious Sue Mundy was captured after a desperate resistance, and with many others hung by sentence of Court Martial which was in continual session for the trial of these assassins.

The regiment was mustered out of service at Louisville, Ky., September 20, 1865, and immediately started for home, arriving at Madison, Wis., September 25, 1865, where it was paid and disbanded.

While the regiment has been made the target for ridicule by some who saw more of fighting service, and by some who saw less of arduous service than the Thirtieth men saw, those who know anything of military usage, know that a regiment, as well as a soldier, must go where it is sent. The Thirtieth performed well every duty to which it was ordered by the War Department and the general officers under whose command it served. Its members chafed under its continued disappointments in not being ordered to join Sherman in time for the march to the sea, or Grant from the Wilderness to Appomattox. It is a matter of record that application was made to the Secretary of War, in 1863, to exchange places with the Second Wisconsin Infantry. This application was backed by the two United States senators from Wisconsin, Howe and Doolittle; but it was returned disapproved by the Secretary of War, for the reason that the Second had not a sufficient number of men in its ranks to perform the work required of the Thirtieth. Had this exchange been made the military history of the Thirtieth would have been entirely different; and no one who knew the material of which the regiment was composed will doubt that it would have maintained the honor of Wisconsin, even in a brigade which won the highest laurels for the states which it represented. We did not gain that honor; but we had the honor to serve well where we were ordered. Its men were soldiers — well drilled, obedient, hardy, active and temperate. The Badger state was honored by them wherever they went, as well as by the men of all its other regiments, and so we deem it an honor to have worn a sword or carried a musket in the ranks of the old "30th."

RE-UNIONS.

Two re-unions of the regiment have been held — the first at Milwaukee, August 26, 1889, at which 106 comrades were present. At this meeting a permanent organization was effected, with Col. Daniel J. Dill, president; Capt. Edward Devlin, vice president and Geo. B. Merrick, secretary and treasurer. Since that meeting many of the boys who signed the register have "gone over to the majority." Ellsworth Burnett, of A, Joseph Temby, of B, and many others have answered the last call.

The second re-union was held at St. Paul, Sept. 2, 1896. One hundred and eighteen of the boys responded. Others were in the city, but did not find the meeting place. At that meeting the secretary read reports of his work during the seven years of his incumbency, as follows:

SECRETARY'S REPORT.

MADISON, Wis., Aug. 28, 1896.

Comrades of the 30th Wisconsin:

Seven years ago you did me the honor to elect me Secretary of your Regimental Association, which was formed at the National Encampment, held at Milwaukee on August 26, 1889. I was glad to take hold of the work of hunting up the "boys," and at once started it by getting out circulars, copies of which I have with me, and which you can examine at your leisure if you so desire. I have not succeeded as well as I had hoped, but as well as could have been expected. We began more than twenty years after the war was ended. During that twenty years the boys had drifted apart, and were scattered all over the country. Many of them had died during the time, and in any inquiry I made they were not taken into account by those who

answered my letters. As it was, I secured the addresses of 647 men, out of a total of 1,246—just about one-half. I have compiled a table, which I will read, giving the results of my work, which will show more clearly than I could otherwise state it.

As treasurer, I received from 138 comrades cash to the amount of \$69.00. I have expended for printing and postage, \$64.55; leaving a balance of cash on hand, \$4.45.

I have sent out over 1,800 letters and circulars. I have furnished addresses for comrades who were getting evidence for pension cases in nearly two hundred cases, which alone pays for all the trouble and expense the association has been to any of us. I have had the work to do, and I am entirely satisfied with the results obtained.

There is just one other thing I would like to do, or have done—that is to have a roster of the survivors, with their residences, printed, and a copy sent to each one. That would cost about \$80 to \$100. The work would be considerable, but I have no doubt some one could be found who would be willing to do it. In case it was undertaken every one would have to take a hand and furnish all the evidence he could in order to make the book as full and correct as possible.

I have prepared a statistical table, which will be of interest, which I would also like to see printed for circulation, and which I will read for the benefit of those who are present to-day.

With kindest regards for all, I am,

Your Comrade,

GEO. B. MERRICK.

At the close of the reading of the secretary's report the association voted to publish the roster, as recommended, laying an assessment of \$1.00 per member for that purpose.

It was voted to hold the next re-union at Eau Claire, Wis., May 19-20, 1897, in connection with the Department Encampment, to which time the association adjourned.

At the date of sending this copy to printer there is \$54.65 in the hands of the treasurer. The contract for printing roster is \$76.50. Mailing 600 copies will cost about \$20.

answered my letters. As it was, I secured the addresses of 647 men, out of a total of 1,246—just about one-half. I have compiled a table, which I will read, giving the results of my work, which will show more clearly than I could otherwise state it.

As treasurer, I received from 138 comrades cash to the amount of \$69.00. I have expended for printing and postage, \$64.55; leaving a balance of cash on hand, \$4.45.

I have sent out over 1,800 letters and circulars. I have furnished addresses for comrades who were getting evidence for pension cases in nearly two hundred cases, which alone pays for all the trouble and expense the association has been to any of us. I have had the work to do, and I am entirely satisfied with the results obtained.

There is just one other thing I would like to do, or have done—that is to have a roster of the survivors, with their residences, printed, and a copy sent to each one. That would cost about \$80 to \$100. The work would be considerable, but I have no doubt some one could be found who would be willing to do it. In case it was undertaken every one would have to take a hand and furnish all the evidence he could in order to make the book as full and correct as possible.

I have prepared a statistical table, which will be of interest, which I would also like to see printed for circulation, and which I will read for the benefit of those who are present to-day.

With kindest regards for all, I am,

Your Comrade,

GEO. B. MERRICK.

At the close of the reading of the secretary's report the association voted to publish the roster, as recommended, laying an assessment of \$1.00 per member for that purpose.

It was voted to hold the next re-union at Eau Claire, Wis., May 19-20, 1897, in connection with the Department Encampment, to which time the association adjourned.

At the date of sending this copy to printer there is \$54.65 in the hands of the treasurer. The contract for printing roster is \$76.50. Mailing 600 copies will cost about \$20.

*Earliest in Regiment.

SPECIAL REQUEST.

It is specially requested that every member of the 30th Regiment will not only note change of residence, deaths, etc., on his own copy of roster, but will also notify the secretary, GEO. B. MERRICK, Madison, Wis., of the same, that the books of the Association may be kept written up closely. This is very important for the benefit of comrades who require evidence in pension cases. If comrades are living at addresses listed in roster at a later date than that printed, the secretary would be glad to learn such fact. Don't fail to report all deaths, with date and place.

**This book is a preservation photocopy.
It was produced on Hammermill Laser Print natural white,
a 60 # book weight acid-free archival paper
which meets the requirements of
ANSI/NISO Z39.48-1992 (permanence of paper)**
